

With the Libraries and bookshops now closed, we are in need of a distraction more than ever. Our local libraries offer an amazing service of which we should take advantage all of the time, but now is the perfect opportunity to register.

Libraries offer a raft of e-books for all ages and tastes, audio books, magazines and research archives.

It only takes minutes to register for an account and once activated an email with your pin code will be sent to you, giving you instant access to all of their resources.

Please see below for guidance from our local service.

Logging into your account enables you to manage your interaction with the library.

You can check what items you have on loan and when they are due back, renew items, manage reservation requests and update your contact details. You can also view and respond to messages and view any fees you may have or payments that you have made.

To view these pages either login by entering your card number and PIN in the boxes to the right of the page. If you are already logged in use the links below to go to the relevant page.

****Update - March 2020****

Please be reassured you will not incur any fines if you are unable to return/renew books due to self-isolation or voluntary self-isolation. Please hold on to your items for now, and if you wish, please phone or email the library ([find a library](#)) with your full name and borrower number.
